GREEN CLEANING: FOR YOU, FOR YOUR WORK ENVIRONMENT, FOR YOUR WORLD.

In our commitment to doing business the right way and turning ordinary tasks into extraordinary service, ServiceMaster Clean® makes it easy to switch to environmentally conscious, green cleaning options.

Green cleaning isn't just associated with corporate responsibility and environmental protection. It's linked to healthier buildings as well as reduced sick day absences.*

Green cleaning and the Capture and Removal Cleaning® system can help your business reap several benefits:

- ▶ Improved indoor air quality
- ▶ Healthier employees and reduced absenteeism*
- ▶ Lower operating costs
- ▶ Access to government incentives (geographically based)

WE CAN HELP WITH LEED® AND GS-42 CERTIFICATION.

If sustainability is a goal for your company, talk to us. We can assist you in implementing LEED® initiatives and earning GS-42 certification.

ServiceMaster Clean wants to make it easier for you to say "yes!" to what's smart for your business and what's right for the planet.

SERVICEMASTER CLEAN'S CAPTURE AND REMOVAL CLEANING SYSTEM INCLUDES:

- ▶ Microfiber technology captures particulate matter rather than just moving it around.
- ▶ High-filtration, quiet vacuums capture 99.9% of particles and are Green Label certified by the **Carpet and Rug Institute**.
- ▶ Specially created vacuum attachments help capture additional residue before becoming airborne.
- ▶ **Green For®** products are certified "green" by four independent agencies.

Green cleaning.

Better air quality, healthier workplace.

Highly effective cleaning.
